Day 1		Technical Session 1	Online Presentation Schedule		Date:13/09/2025	
S. No.	Paper ID	Paper Title	Presenters Name	Time	Session Chair	Mode
1	12	Comparative Study of Diffusion Models and GANs for Synthetic Retinal Image Generation	Vishnu M R	02:00PM-02:15PM	Dr. Prashant k Gupta (Bennet University)	Online Google Meet Link: meet.google.com/qmd-vzfh-jsp
2	13	Artificial Intelligence Trends for Automatically Identifying Hate Speech on Social Media Networks	Neha Tyagi	02:15PM-02:30 PM	Dr. Tulika Narang (United University)	
3	17	Innovations, Interdisciplinary Challenges and Future Directions in Harnessing AI for Criminal Justice system	Bireshwar Dass Mazumdar	02:30PM-02:45 PM		
4	22	Satellite-Based Anomaly Detection for Agricultural Monitoring Using Autoencoder	Rishit Desai	02:45PM-03:00 PM		
5	28	Support Vector Machine-Based Land Cover Classification Using Fused Hyperspectral and LiDAR Data	Mukesh Kumar Verma	03:00PM-03:15PM		

	<p align="center">1st International Conference on Advances in Intelligent Computing and Communication Technology (AICCT-2025)</p> <p align="center">13-14 September, Organized by Department of Computer Science & Engineering United University, Prayagraj, India</p>

Day 1		Technical Session 2		Online Presentation Schedule		Date:13/09/2025
S. No.	Paper ID	Paper Title	Presenters Name	Time	Session Chair	Mode
1	158	Role of Healthcare 5.0 in Society 5.0	Rishov Saha	2.00PM-2.15PM	Dr. B.D. Mazumdar (Bennet University)	Online Google Meet Link: meet.google.com/dbp-yqks-ccj
2	33	Smart Computational Framework for Hand Gesture Recognition Using Media Pipe in Therapeutic and Training Applications	Roop Lal	02:15PM-02:30 PM	Dr. Mukesh Kumar (United University)	
3	34	Adaptive Edge Offloading Framework for Efficient Congestion Management in mMTC Systems	N.C.A.Boovarah an, Janani R	02:30PM-02:45 PM		
4	44	Machine Learning-Based Prediction of Typhoid Incidence Using Clinical and Environmental Characteristics	Pratiksha Singh	02:45PM-03:00 PM		
5	45	Exploring Instance Segmentation and Defect Detection Across Varied Textured Surfaces : A Comprehensive Study	Prabadevi B	03:00PM-03:15PM		

	<p align="center">1st International Conference on Advances in Intelligent Computing and Communication Technology (AICCT-2025)</p> <p align="center">13-14 September, Organized by Department of Computer Science & Engineering United University, Prayagraj, India</p>

Day 1		Technical Session 3		Online Presentation Schedule		Date:13/09/2025
S. No.	Paper ID	Paper Title	Presenters Name	Time	Session Chair	Mode
1	47	Improved Spam Identification using a Hybrid Neural-Fuzzy-Wrapper Architecture with Statistical Superiority and Programmatic Noise Alleviation	Amitava Sarder	02:00PM-02:15PM	Dr. Ashutosh Tripathi (United University)	Online Google Meet Link: meet.google.com/fyx-trqg-ndz
2		Investigating Secure Communication Protocols, Data Management for EVs	Shrikrishna Jaywant Manjrekar	02:15PM-02:30 PM	Dr. Rajesh Kumar (University of Allahabad)	
3	58	Evaluating the Influence of Intelligent Personalization on Consumer Buying Patterns in Digital Commerce	Aditi Sharma	02:30PM-02:45 PM		
4	63	A Novel Framework for LGB Model-Based Approach for Malware Detection by Analyzing the Ember Dataset for Cyber Security	Saloni S. Chauhan	02:45PM-03:00 PM		
5	67	Blockchain Security: Review, Research Challenges and Future Prospects	Arshad Kamaal	03:00PM-03:15PM
